

## **East Coventry Township Recycling Guidelines**

Per Ordinance No. 193, unless exempt under Section 104.2, each person or entity who or which generates municipal waste and/or designated recyclable materials shall have such waste and recyclable materials collected by a municipal waste collector who is legally operating within the Township, and such collection shall be no less frequent than one time per week.

East Coventry Township residents must make arrangements for recycling with the hauler of their choice.

Though each hauler has its own instructions on what materials to recycle and how to sort them, the hauler you select are to collect aluminum and bimetal cans, clear and colored glass, number 1, 2, 4 and 5 plastics, and newsprint including newspaper inserts, junk mail, magazines and telephone books. Haulers may pick up other materials in addition to those mentioned. Please contact your hauler with any questions about recycling materials, sorting materials, and collection schedules.

### **Local Recycling Haulers**

This list is meant as a guide for residents and may not include all haulers that operate within the Township. Several of the haulers listed also provide commercial recycling collection.

Republic Services – (610) 265-6337

Advanced Disposal Services – (610) 440-3700

Waste Management – 1-800-869-5566

Diamond Waste – 484-985-8088

A.J. Bolenski , Trash and Recycling Services – (610) 942-2707

### **Leaf Collection Dates and Timelines**

Your contracted waste hauler is required to provide leaf collection service. Haulers determine their own leaf pick-up dates and must inform their customers of those dates, however, Ordinance No. 193 requires that they pick-up at least once in the Spring and once in the Fall each year.

During the rest of the year that your hauler does not pick-up you may compost your yard waste or take it to a permitted PaDEP composting facility ([www.arborganicacres.com](http://www.arborganicacres.com)). Burning is not permitted.

Collection Dates for Certain Haulers

**A.J. Bolenski - May 4, 2013**

**Advanced Disposal Services - May 11, November 9, December 7, 2013** (leaves must be placed in brown biodegradable bags that can be found in GIANT and Home Depot, branches less than 4" diameter and 4' lengths tied in bundles)

**Diamond Waste Disposal - April 2 and October 29, 2013**
